

**The American Society for Laser Medicine and Surgery  
Congratulates Scott Hernberg, D.O. on Elected Membership**

On November 1, 2007, Dr. Scott Hernberg, D.O. of Northfield, NJ, was elected a member of the American Society for Laser Medicine and Surgery (ASLMS), the world's preeminent professional organization dedicated to promoting excellence in patient care by advancing laser applications. Dr. Hernberg, Medical Director of Tomorrow's Wellness Center, works with these powerful beams of light to treat lax sagging skin, sun damage and spots, wrinkles, large pores, fine lines, scars, skin discolorations, unwanted facial and leg veins, hair removal and pain.

"It is a professional honor to be elected a member of the American Society for Laser Medicine and Surgery because it offers me the opportunity to learn about the latest research and network with colleagues in the field," said Dr. Hernberg. "This is an exciting time in medicine with the advent of innovative laser techniques and other high-tech energy sources that allow us to improve the health and quality of our patients' lives with non-invasive treatment solutions."

At Tomorrow's Wellness Center Dr. Hernberg, helps individuals feel healthy and look more youthful. Dr. Hernberg considers good health more than the absence of disease. At Tomorrow's Wellness Center, Dr. Hernberg integrates conventional and complementary therapies to promote wellness. Dr. Hernberg empowers people to adopt scientifically supported lifestyle changes, become free of chronic diseases and age gracefully. For many individuals the journey to personal fulfillment includes minimizing the visible signs of the aging process. By integrating various health promoting practices including photo medicine and laser therapy, Dr. Hernberg is uniquely qualified to help his patient's look and feel their best.
